BENGAL TALES

of

Commerce High School

Commerce, Oklahoma

Dedicated To:

Mr. Harvey Roush
Junior High Principal

We, the Annual Staff, would like to take this opportunity to show our appreciation to Mr. Roush. He has been with us for many years as Principal of the Junior High School helping us to lay the foundation for our lives ahead.

The Bengal Tales Staff

In Memory Of Henry Clinton Bowlin Jr.

Henry Clinton Bowlin, Jr.

Henry was born August 27, 1954. He was a member of the Junior Class and was student manager of the C.H.S. Basketball team. He lost his life in a car accident on November 29, 1970.

Greetings:

The public schools of Commerce, Oklahoma and the United States have the primary responsibility for providing education and training for responsible citizenship, individual development and also training for employment as well. Quality programs must focus on the individual student but have long range benefits for all of us. Good programs require adequate resources, well trained teachers, suitable buildings, appropriate curricula and methods. Commerce schools recognize its responsibility for individual or human development. Our schools provide these essentials for a quality program through its partnership with the State and Federal governments.

Too many boys and girls do not take full advantage of the educational opportunities afforded. More than 5% of the nations' seniors fail to graduate each year. A considerably greater number are lost along the way from K through twelve. This is a school problem but also a problem of the home and the community.

Commerce traditionally has supported its schools to the Nth degree with its resources. It behooves all school personnel and students to do No Less.

Principal Bill Chrismon

To the students of CHS:

These are important years in your lives. Remember that even though the future is quite important, you must also live the present. Do your very best to be the citizen today that will hold your respect tomorrow.

Certainly you are to be congratulated for another year of educational achievement. The faculty of CHS have placed a bit of themselves into your future. What you become is an extension of our lives. I hope that you will make us proud.

Your principal,

Bill Chrismon
